November 1, 2022 - Peace Corps Office of Inspector General is pleased to offer a non-reimbursable detail opportunity (six months; longer considered) to current Inspector General Community staff (GS13, 14 and 15 levels considered). This opportunity is available starting January 2023 and will remain open until filled.

Through audits, evaluations, and investigations, the Peace Corps Office of Inspector General (PC OIG) provides independent oversight of agency programs and operations in support of the goals set forth in the Peace Corps Act while making the best use of taxpayer dollars.

Joaquin Ferrao, PC OIG Acting Inspector General (IG), is Executive Chair of CIGIE's Legislation Committee. The Committee provides regular and ongoing communication regarding legislative issues and other matters of common interest between Congress, CIGIE, and the IG community.

Detail description

The CIGIE Legislation Committee Special Assistant will work collaboratively with PC OIG staff to develop and maintain relationships with key stakeholders in the IG community and Congress to ensure IG interests and priorities are effectively and efficiently represented, communicated, and considered by all parties involved in the legislative process. This detail opportunity allows the candidate to develop various Executive Core Qualifications, such as Leading Change and Building Coalitions. For instance, the candidate will exercise key competencies involved in Leading Change, including creativity and innovation, external awareness, flexibility, resilience, and strategic thinking while engaging with congressional staffers on IG related legislation.

The Special Assistant will gain a deeper understanding of legislative processes and how individual IGs' priorities relate to overall CIGIE legislative priorities. The Special Assistant will take the lead in select legislative matters, coordinating the positions of CIGIE members, communicating with key congressional stakeholders, and as appropriate, assisting them in developing initiatives that take into account the equities of the IG community. In conducting this work, the Special Assistant will need to Build Coalitions by partnering within and sometimes outside the IG community, exercising political savvy and influencing skills when communicating and dealing with legislative branch staff. This will enable the Special Assistant to develop contacts and relationships across the IG community as well as with members of Congress, their staffs and, as appropriate, other interested parties.

Through this opportunity, the Special Assistant will have the opportunity to expand their leadership competencies, broaden their organizational experiences, and develop expertise that can be used in support of the IG community beyond the Special Assistantship. The Special Assistant may also foster networks and relationships they can leverage in the future, while gaining new skills that they can take back to their home agency.

This Special Assistantship opportunity is a full-time assignment for at least six months.
