Annual Performance Plan for Fiscal Year 2018

This is a one-year performance plan for the Council of the Inspectors General on Integrity and Efficiency (CIGIE or Council) and is associated with CIGIE’s Strategic Plan for fiscal years 2018 – 2022 (Strategic Plan) that covers the Council’s Goals and Objectives. This performance plan adds performance measures and responsible officials to those goals and objectives. It was ratified by the CIGIE Executive Council and subsequently approved by the membership on December 19, 2017. Most of the measures in this plan are new and, therefore, require that baseline data must be gathered, rather than setting arbitrary targets. Hence, the targets are not set; rather, they are to be measured in a baseline, with numeric targets set in following years.

CIGIE was created by the Inspector General Reform Act of 2008 (P.L. 110-409) (IG Reform Act), which charged CIGIE with “address[ing] integrity, economy, and effectiveness issues that transcend individual government agencies, and increase[ing] the professionalism and effectiveness of personnel by developing polices, standards and approaches to aid in the establishment of a well-trained and highly skilled workforce in the offices of the Inspectors General.”

The Strategic Plan is designed to continue our implementation of that legislative charge. This performance plan provides specificity to the strategies the Council will work towards achieving this fiscal year. Additionally, this plan has been prepared to further the common mission, vision, and goals articulated by the Inspector General (IG) community and established in our Strategic Plan, specifically:
